### LOU TELLEGEN COMING

Advance Notice Says He Has Strong Play in "Blind Youth."  
Lou Tellegen will come to the Lyric for one night, Nov. 26. The play is called "Blind Youth," and was written by Willard Mack and Mr. Tellegen. It was produced in New York last fall and had a long and successful engagement there. Mr. Tellegen's tour is under his own management, and the business affairs are in the hands of Charles Emerson Cook, who was for many years associated with David Belasco. The thorough training of the French theater has refined and polished the natural talent of Mr. Tellegen until he is one of the most accomplished players our stage has known. He came first as a leading man with Madame Bernhardt and scored an instantaneous personal success. Remaining in this country since that time, he is now an American citizen and one of the leaders in producing the finer things of the theater.

It was during his younger years as an art student in Paris that Mr. Tellegen gathered the material for the story of "Blind Youth." The tale relates how a young artist left in Paris by his American mother falls into the clutches of an adventuress. Finding his love false, he takes to drink and only the story of a fellow artist brings him to his senses and sends him to America. The adventuress follows him and seeks to marry his half-brother. To prevent this, the artist makes an appointment with her, to which the brother calls the artist's fiancée. In this scene is the big thrill of the play. The artist justifies himself, however, and all ends happily.

The cast includes Jennie Eustace, Jean Robertson, Elsie Bartlett, Marguerite Forrest, Nan de Voe, Mark

### A VALUE THAT I CAN SHOW AND PROVE

### ELECT OFFICERS

Coal Operators Name E. L. Hampton President—Municipal Building.  
The annual convention of the Middle Tennessee Coal Mine Operators' association, which was held at the Patton hotel Thursday afternoon, was regarded by members of the organization as one of the most successful and enthusiastic meetings yet held. The mine representatives seem very much pleased over the prospects. True the output is a little short at present, but this was caused by the recent epidemic of influenza, which crippled the mines just as it did every other industry, but this deficit is expected to be easily made up within a short time and no serious shortage is anticipated this winter. Following a general discussion of the peace-time prospects, an election of officers was held. The following men were elected by the delegates: president, F. L. Hampton, president of Tennessee Consolidated Coal company, Tracy City; first vice-president, Dr. W. B. Young, president of Clifty Consolidated Coal company, Nashville; second vice-president, R. J. Riddle, president of Riddle Coal company; and secretary and treasurer, G. W. Stephens, sales manager of Sewanee Coal and Iron company, Chattanooga.

The mine operators' association meets quarterly with an annual convention when officers for the coming year are elected in November of each year. There are fifteen mines represented in the organization. The head offices for the mines are about equally divided, some being in Nashville, while the others are in this city. For this reason the meeting places alternate, one meeting being held in Chattanooga and the next in Nashville.

### ANOTHER FAIR BILL

"The Suffragette Review," which holds the boards the last half of the week at the Rialto, seems a little above the average tabloid musical comedy. The music is pleasing enough and the humor good in spots, though the piece as a whole is nothing to get excited about.

Chronic Constipation.  
This disease is nearly always brought on by bad habits. To effect a permanent cure you must correct your habits. In the meantime take Chamberlain's Tablets. They are easy to take and most agreeable in effect. They only cost a quarter.—(Adv.)

### CAUGHT FROM BONFIRE

London, Nov. 22.—Regarding the explosion at Hamont, Belgium, it is reported that the cause of the disaster was a bonfire built by children, which spread to two German munition trains near by. The destruction in the vicinity, the dispatch adds, was enormous. Assistance is being sent to the stricken

region from all directions. Dutch military aid has been sent across the border.  
The trains were standing at the station at Hamont when the explosion occurred and the entire region was soon a sea of fire. Neighboring houses collapsed, burying their occupants. Three German ambulance trains caught fire and one was destroyed, eighteen of the occupants being burned to death.  
Most of the victims were German soldiers who had been plundering the trains. A few Dutch soldiers also were killed.

Hamont is in northeastern Belgium directly east of Antwerp and is a customs station on the Dutch-Belgian border. The main railway line from Antwerp to Dusseldorf runs through the town.

### STILL UNCONSCIOUS

Harry Kent Has Fractured Skull. Auto Driver Arrested.

In connection with an accident on the Rossville boulevard Tuesday evening, in which Harry Kent, an East Lake boy, was fatally injured, Sam Walker, a chauffeur, was arrested Thursday evening by Patrolman Abnercomble. At police headquarters, where he made bond, he was charged with assault.

Young Kent was still alive when Erlanger hospital was called, shortly before noon. He has been unconscious since the accident. He is reported as having a fractured skull, a broken arm and internal injuries. Kent and another boy were riding along the boulevard on bicycles when a big automobile crashed into them.

### TELEGRAPHERS' BALL

Proceeds of Event to Be Used in Furnishing Club.

For the purpose of raising funds to equip and furnish clubrooms which they expect to have in operation at an early date, members of the local order of railroad telegraphers will give a ball at the Armory on Thanksgiving evening. A special program is being arranged for the occasion, and music will be furnished by an eight-piece orchestra.

### GOLF SATURDAY

Cold Weather Favors Meet for Foch Medal.

The prediction of continued cold weather tonight and Saturday looks good for the "victory" golf meet to be held at the Golf club Saturday afternoon. The tourney for the Foch medal, which was postponed from last week on account of inclement weather, will attract just as many golfers as it would had it been on schedule according to the indications. Play will start at any time in the afternoon the players individually choose, the entrance fees to be paid at the tee. The fee required is \$1, but anything more is acceptable, the

proceeds to go to the united war work fund.  
It has been pointed out that while Chattanooga's quota in the recent drive was reached, the same is yet below par, and the money realized from the tournament will go into a needy chest.  
Army officers are invited and will be furnished handicaps at the tee.

**OPEN NEW CLINIC**  
Industrial clinic No. 3 has been opened by the United States public

health service at 829 Missionary avenue. It takes in the following concerns: Southern Machine works, O. B. Andrews Box factory, McCabe Punch and Shear company, Chattanooga Boiler and Tank company, and the Lookout Planing mills. The clinic is in charge of Mr. Head, who was for three years connected with the medical service of the United States army.

### COLORED ADVENTISTS

Held Annual Session Here—Many Delegates in Attendance.  
The annual session of the Cumberland conference, Seventh Day Adventists (colored), is being held here. The session opened Thursday afternoon with Elder C. B. Stephenson (white), president, acting as chairman; Elder A. L. Bailey (white), of Knoxville, secretary; Anna Knight, of Atlanta, the first colored missionary to India, will address the convention Friday evening.

included an address by Elder J. B. Lockett, of Atlanta, home missionary secretary; the introductory sermon by Elder Stephenson, of Grayville, Ga., and a sermon by Elder C. S. Lightner, of Knoxville. A large number of delegates from Tennessee and Georgia are attending the conference, which closes Sunday.

One per cent. discount on state and county taxes if paid during the month. J. W. CLIFT, County Trustee.
